

Meet the Only Hearts Girls™!

Anna Sophia™

Anna Sophia is a culinary wizard. The spatula is her magic wand. She's creative, eager and curious—the perfect mix of ingredients for cooking up fun. Anna's creativity also sometimes distracts her, and takes her out of the frying pan and into the fire.

Briana Joy™

Briana Joy lives for the heart-pumping action of sports. She's an all-around athlete who is bright, energetic and competitive. While Briana's competitiveness makes her a natural leader, she must find ways to make sure she also wins in the game of life.

Karina Grace™

Music and dance move Karina Grace's soul. She is ambitious, dedicated and confident that she will achieve her big dreams. Sometimes, however, Karina's focus on those dreams and impatience with others can make her seem like a prima ballerina.

Lily Rose™

Lily Rose is as natural as they come. She's very friendly, outgoing, and is a thrill-seeker who feels most at home outdoors, surrounded by nature. Sometimes she wanders a bit too far, and her adventures land her in predicaments as wild as a ride on the rapids.

Olivia Hope™

The most comfortable spot in the world for Olivia Hope is in the shiny leather saddle atop her favorite golden brown horse, Misty. Olivia is gentle, kind and giving. Despite this, she somehow seems to have a way of landing in a heap of trouble as high as a haystack.

Taylor Angelique™

Taylor Angelique is an animal lover and enjoys going to the dog park with her friends. She can be headstrong, but her caring nature and quick-wit make her the life of the party. At times, however, her act-first-think-later tendencies land her in the "dog house."
